

Counselor - The deadline to apply for Coe College's Talented & Gifted (TAG) Summer Academy is May 1, 2019.

Apply today! The TAG Summer Academy will give your students the unique opportunity to experience advanced college-level courses taught by Coe professors. Top students from around the world are invited to partake in these weeklong sessions which include workshops, classroom lectures and hands-on laboratory research.

There are two sessions this summer. Students may apply to participate in both or just one:

- **Session 1 - June 23-28, 2019:** Course options include Material Science Engineering and Astrophysics.
- **Session 2 - July 7-12, 2019:** Course options include Personal Leadership and Newtonian Physics.

Please feel free to contact me at 319.399.8597 or uakgun@coe.edu.

Sincerely,

Professor Ugur Akgun
Assistant Professor of Physics
Talented and Gifted Summer Academy Director

Please Note: The program cost is \$1,000 per session for students who plan to stay overnight on campus and \$750 per week for commuter students who have made alternative housing arrangements.
